INDEPENDENT AUDITOR'S REPORT TO THE MEMBERS OF GURGAON INFOSPACE LIMITED

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of **GURGAON INFOSPACE LIMITED** ("the Company"), which comprise the Balance Sheet as at March 31, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of Cash Flows for the year ended on that date, and notes to standalone financial statements, including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2025, its profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the *Code of Ethics* issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI's Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Board's Report, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and those charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls
- . Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management
- . Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

- 1. As required by the Companies (Auditor's Report) Order, 2020 ("the Order") issued by the Central Government in terms of Section 143(11) of the Act, we give in "Annexure A" a statement on the matters specified in paragraphs 3 and 4 of the Order.
- 2. As required by Section 143(3) of the Act, based on our audit, we report that:
 - a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss including Other Comprehensive Income, Statement of Changes in Equity and the Statement of Cash Flow dealt with by this Report are in agreement with the relevant books of account.
 - d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
 - e) On the basis of the written representations received from the directors as on March 31, 2025 taken on record by the Board of Directors, none of the directors is disqualified as on March 31, 2025 from being appointed as a director in terms of Section 164 (2) of the Act.
 - f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B".
 - g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, as amended, in our opinion and to the best of our information and according to the explanations given to us
 - i) The Company does not have any pending litigations which would impact its financial position.

- ii) The Company did not have any long-term contracts including derivative contracts for which there were any material foreseeable losses.
- iii) There were no amounts which were required to be transferred to the Investor Education and Protection Fund by the Company.
- iv) a) The management has represented that, to the best of its knowledge and belief, no funds have been advanced or loaned or invested (either from borrowed funds or share premium or any other sources or kind of funds) by the company to or in any other person(s) or entity(ies), including foreign entities ("Intermediaries"), with the understanding, whether recorded in writing or otherwise, that the Intermediary shall, whether, directly or indirectly lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the company ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
 - b) The management has represented, that, to the best of its knowledge and belief, no funds have been received by the company from any person(s) or entity(ies), including foreign entities ("Funding Parties"), with the understanding, whether recorded in writing or otherwise, that the company shall, whether, directly or indirectly, lend or invest in other persons or entities identified in any manner whatsoever by or on behalf of the Funding Party ("Ultimate Beneficiaries") or provide any guarantee, security or the like on behalf of the Ultimate Beneficiaries
 - c) Based on such audit procedures that the we have considered reasonable and appropriate in the circumstances, nothing has come to our notice that has caused us to believe that the representations under sub-clause (a) and (b) contain any material mis-statement.
- The company has not declared any final dividend during the previous year and any interim dividend during the current year and hence compliance to Section 123 of the Act is not applicable.
 - b) Board of Directors of the Company have not proposed final dividend for the year which is subject to the approval of the members at the ensuing Annual General Meeting.
- vi) Based on our examination which included test checks, the company has used an accounting software for maintaining its books of account which has a feature of recording audit trail (edit log) facility and the same has operated throughout the year for all relevant transactions recorded in the software. Further, during the course of our audit we did not come across any instance of audit trail feature being tampered with. Additionally, the audit trail has been preserved by the company as per the statutory requirements for record retention.

With respect to the matter to be included in the Auditors' Report under section 197(16):

In our opinion and according to the information and explanations given to us, the remuneration paid by the Company to its directors during the current year is in accordance with the provisions of Section 197 of the Act. The remuneration paid to any director is not in excess of the limit laid down under Section 197 of the Act.

ANNEXURE "B" TO THE INDEPENDENT AUDITOR'S REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **GURGAON INFOSPACE LIMITED** ("the Company") as on 31st, March 2025 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on, "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

DADU

NEW DELH

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2025 based on, "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

NEW DEL

For and on behalf of the Board of Directors of **Gurgaon Infospace Limited**

Whole Time Director DIN: 00069053

GAURAV GUPTAA

Director DIN: 00047372

PLACE: NEW DELHI 2 9 MAY 2025 DATED:

Summary of material accounting policies and other explanatory information for the year ended 31 March 2025

1. Corporate information and statement of compliance with Indian Accounting Standards (Ind AS)

Gurgaon Infospace Limited ("the Company") a public limited company domiciled in India and having its registered office at A-23, New Office Complex, Defence Colony, New Delhi-110024, was incorporated under the provisions of Companies Act, 1956. The Company's business is of SEZ Developer.

The financial statements of the Company have been prepared to comply in all material respects with accounting principles generally accepted in India, including Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 under Section 133 of the Companies Act, 2013 (the "Act") and other relevant provisions of the Act.

These Standalone Financial Statements were authorized for issue by Board of Directors on 28.05.2025.

2. Basis of preparation and material accounting policies

a. Compliance with Ind AS

These Standalone Financial Statements are prepared on going concern basis following accrual basis of accounting and comply in all material aspects with the Indian Accounting Standards (Ind AS) notified under the Companies (Indian Accounting Standards) Rules, 2015 and subsequent amendments thereto, the Companies Act, 2013.

b. Basis of measurement/use of estimates

- (i) The Standalone Financial Statements has been prepared on accrual and going concern basis under the historical cost convention except certain financial instruments and plan asset, which is measured at fair value. The accounting policies are applied consistently to all the periods presented in the financial statements.
- (ii) The preparation of Standalone Financial Statements requires judgments, estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent liabilities on the date of the Standalone Financial Statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known/ materialized. Major Estimates are discussed in *Part 4*.

c. New Standards/ Amendments and Other Changes adopted Effective 1 April 2024 or thereafter

- (i) Ind AS 117 Insurance contracts: On August 12 2024, the MCA has notified Ind As 117, Insurance contracts. Ind As 117 replaced the interim standard Ind As 104, Insurance contracts, and come into the effect for annual reporting starting on or after 1 April 2024. This Ind As is relevant not only to insurance companies but also to any entity into contract which are considered to be insurance contracts. This standard sets out principles for accounting for such contract. The Company is evaluating the requirements of this new standard on its financial statements.
- (ii) Ind AS 116 Lease (Sale and Leaseback transaction amendment): On September 9 2024, the MCA introduced the Companies (Indian Accounting Standards) second amendment rules, 2024, which specifically address the accounting for sale and leaseback transactions under Ind As 116 leases. The Company has adopted the amendment and there is no material impact on its Standalone Financial Statements.

Summary of material accounting policies and other explanatory information for the year ended 31 March 2025

d. Recent Accounting Pronouncements: During the year no new standard or modifications in existing standards have been notified which will be applicable from 1 April 2025 or thereafter.

e. Functional and presentation currency

These Standalone Financial Statements are presented in Indian Rupees (INR), which is the Company's functional currency. All financial information presented in INR has been rounded to the nearest Lakhs (up to two decimals), except as stated otherwise.

3. Material accounting policies

A summary of the material accounting policies applied in the preparation of the Standalone Financial Statements are as given below. These accounting policies have been applied consistently to all periods presented in the Standalone Financial Statements.

a. Revenue recognition

Revenue from contracts with customers is recognized on transfer of control of promised good or services to a customer at an amount that reflects the consideration to which the Company is expected to be entitled to in exchange for those goods or services.

Revenue towards satisfactions of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract. This variable consideration is estimated based on the expected value of outflow. Revenue (net of variable consideration) is recognized only to the extent that it is highly probable that the amount will not be subject to significant reversal when uncertainty relating to its recognition is resolved. The following specific recognition criteria must also be met before revenue is recognised:

Interest income

Interest income is recognised on time proportion basis taking into account the amount outstanding and rate applicable. For all financial assets measured at amortised cost, interest income is recorded using the effective interest rate (EIR) i.e. the rate that exactly discounts estimated future cash receipts through the expected life of the financial asset to the net carrying amount of the financial assets. The future cash flows include all other transaction costs paid or received, premiums or discounts if any, etc.

Dividend

Dividend are recognised in profit or loss only when the right to receive payment is established, it is probable that the economic benefits associated with the dividend will flow to the Company, and the amount of the dividend can be measured reliably.

Rental Income / Income from SEZ operation

Rental Income recognised on straight lining basis over the term of lease except for contingent rental income which is recognised when it arises and where schedule increase in rent compensates the lessor for expected inflationary costs.

Unbilled receivable

Unbilled receivables represent:

- Balance on account of straight lining of rental income over the rent-free period.

Summary of material accounting policies and other explanatory information for the year ended 31 March 2025

b. Income taxes

Tax expense recognised in the statement of profit and loss comprises the sum of deferred tax and current tax not recognised in Other Comprehensive Income (OCI) or directly in equity.

Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the Incometax Act, 1961. Current tax relating to items recognised outside statement of profit and loss is recognised outside statement of profit and loss (i.e. in OCI or equity depending upon the treatment of underlying item).

Deferred tax liabilities are generally recognised in full for all taxable temporary differences. Deferred tax assets are recognised to the extent that it is probable that the underlying tax loss, unused tax credits or deductible temporary difference will be utilised against future taxable income. This is assessed based on the Company's forecast of future operating results, adjusted for significant non-taxable income and expenses and specific limits on the use of any unused tax loss or credit. Unrecognised deferred tax assets are re-assessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the year when the asset is realised or the liability is settled, based on tax rates (and tax laws) that have been enacted or substantively enacted at the reporting date. Deferred tax relating to items recognised outside the statement of profit and loss is recognised outside statement of profit and loss (in OCI or equity depending upon the treatment of underlying item).

Minimum Alternate Tax (MAT) credit is recognised as an asset only when and to the extent there is convincing evidence that the company will pay normal income tax during the specified period. Such asset is reviewed at each Balance Sheet date and the carrying amount of the MAT credit asset is written down to the extent there is no longer convincing evidence to the effect that the company will pay normal income tax during the specified period.

c. Cash and cash equivalents

Cash and cash equivalent in the balance sheet comprise cash at banks and on hand and short-term deposits with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value.

d. Financial instruments

Initial recognition and measurement

Financial assets and financial liabilities are recognized when the Company becomes a party to the contractual provisions of the financial instrument and are measured initially at fair value adjusted for transaction costs, except for those carried at fair value through profit or loss, which are measured initially at fair value.

Subsequent measurement of financial assets and financial liabilities is described below:

Non-derivative financial assets

Subsequent measurement

i. Financial assets carried at amortised cost – a financial asset is measured at the amortised cost, if both the following conditions are met:

 The asset is held within a business model whose objective is to hold assets for collecting contractual cash flows, and

Summary of material accounting policies and other explanatory information for the year ended 31 March 2025

• Contractual terms of the asset give rise on specified dates to cash flows that are solely payments of principal and interest (SPPI) on the principal amount outstanding.

After initial measurement, such financial assets are subsequently measured at amortised cost using the effective interest rate (EIR) method.

- ii. Fair value through profit or loss Assets that do not meet the criteria for amortised cost or FVOCI are measured at fair value through profit or loss. A gain or loss on a debt investment that is subsequently measured at fair value through profit or loss and is not part of a hedging relationship is recognised in profit or loss and presented net in the statement of profit and loss within other gains/(losses) in the period in which it arises. Interest income from these financial assets is included in other income.
- iii. Fair value through OCI- A financial assets measured at FVOCI if both of the following conditions are
 - The Company business model objectives for managing the financial assets is achieved both by collecting contractual cash flows and selling the financial assets, and
 - The contractual terms of the financial assets given raise in specified dates to cash flows that are solely payments.

Further, the Company through an irrevocable election at initial recognition, has measured certain investments in equity instruments at FVTOCI. The Company has made such election on an instrument-by-instrument basis. These equity instruments are neither held for trading nor are contingent consideration recognized under a business combination. Pursuant to such irrevocable election, subsequent changes in the fair value of such equity instruments are recognized in OCI. However, the Company recognizes dividend income from such instruments in the Statement of Profit and Loss.

Impairment of financial assets

In accordance with Ind AS 109, the Company applies expected credit loss (ECL) model for measurement and recognition of impairment loss for financial assets. ECL is the weighted-average of difference between all contractual cash flows that are due to the Company in accordance with the contract and all the cash flows that the Company expects to receive, discounted at the original effective interest rate, with the respective risks of default occurring as the weights. When estimating the cash flows, the Company is required to consider:

- All contractual terms of the financial assets (including prepayment and extension) over the expected life
 of the assets.
- Cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

Trade receivables: In respect of trade receivables, the Company applies the simplified approach of Ind AS 109, which requires measurement of loss allowance at an amount equal to lifetime expected credit losses. Lifetime expected credit losses are the expected credit losses that result from all possible default events over the expected life of a financial instrument.

Other financial assets: In respect of its other financial assets, the Company assesses if the credit risk on those financial assets has increased significantly since initial recognition. If the credit risk has not increased significantly since initial recognition, the Company measures the loss allowance at an amount equal to 12-month expected credit losses, else at an amount equal to the lifetime expected credit losses.

When making this assessment, the Company uses the change in the risk of a default occurring over the expected life of the financial asset. To make that assessment, the Company compares the risk of a default occurring on the financial asset as at the balance sheet date with the risk of a default occurring on the financial asset as at the date of initial recognition and considers reasonable and supportable information, that is available without undue

Summary of material accounting policies and other explanatory information for the year ended 31 March 2025

cost or effort, that is indicative of significant increases in credit risk since initial recognition. The Company assumes that the credit risk on a financial asset has not increased significantly since initial recognition if the financial asset is determined to have low credit risk at the balance sheet date.

De-recognition of financial assets

A financial asset is primarily de-recognised when the contractual rights to receive cash flows from the asset have expired or the Company has transferred its rights to receive cash flows from the asset.

Non-derivative financial liabilities

Subsequent measurement

Subsequent to initial recognition, all non-derivative financial liabilities are measured at amortised cost using the effective interest method.

De-recognition of financial liabilities

A financial liability is de-recognized when the obligation under the liability is discharged or cancelled or expires. When an existing financial liability is replaced by another from the same lender on substantially different terms or the terms of an existing liability are substantially modified, such an exchange or modification is treated as the de-recognition of the original liability and the recognition of a new liability. The difference in the respective carrying amounts is recognised in the statement of profit or loss.

Offsetting of financial instruments

Financial assets and financial liabilities are offset and the net amount is reported in the balance sheet if there is a currently enforceable legal right to offset the recognised amounts and there is an intention to settle on a net basis, to realise the assets and settle the liabilities simultaneously.

e. Fair value of financial instruments

In determining the fair value of its financial instruments, the Company uses a variety of methods and assumptions that are based on market conditions and risks existing at each reporting date. The methods used to determine fair value include discounted cash flow analysis, available quoted market prices and dealer quotes. All methods of assessing fair value result in general approximation of value, and such value may never actually be realized. For financial assets and liabilities maturing within one year from the Balance Sheet date and which are not carried at fair value, the carrying amounts approximate fair value due to the short maturity of these instruments.

f. Property, plant and equipment ('PPE')

Recognition and initial measurement

Property, plant and equipment are stated at their cost of acquisition. The cost comprises purchase price, borrowing cost if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price. Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company and definition of asset is met. All other repair and maintenance costs are recognised in the statement of profit or loss as incurred.

In case an item of property, plant and equipment is acquired on deferred payment basis, interest expenses included in deferred payment is recognised as interest expense and not included in cost of asset.

Summary of material accounting policies and other explanatory information for the year ended 31 March 2025

Subsequent measurement (depreciation and useful lives)

Depreciable amount for assets is the cost of an asset, or other amount substituted for cost, less its estimated residual value. Depreciation on tangible fixed assets has been provided on the straight-line method as per the useful life prescribed in Schedule II to the Companies Act, 2013.

De-recognition

An item of property, plant and equipment and any significant part initially recognized is derecognized upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on de-recognition of the asset (calculated as the difference between the net disposal proceeds and the carrying amount of the asset) is included in the statement of profit and loss when the asset is derecognized.

g. Investment properties

Recognition and initial measurement

Investment properties are properties held to earn rentals or for capital appreciation, or both. Investment properties are measured initially at their cost of acquisition. The cost comprises purchase price, borrowing cost, if capitalization criteria are met and directly attributable cost of bringing the asset to its working condition for the intended use. Any trade discount and rebates are deducted in arriving at the purchase price.

Subsequent costs are included in the asset's carrying amount or recognized as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Company. All other repair and maintenance costs are recognized in statement of profit or loss as incurred.

Subsequent measurement (depreciation and useful lives)

Investment properties are subsequently measured at cost less accumulated depreciation and impairment losses. Depreciation on investment properties is provided on the straight-line method, computed on the basis of useful lives (as set-out below) prescribed in Schedule II to the Act:

| Assets category | Useful life (in years) |
|---------------------------------|------------------------|
| Buildings and related equipment | 60 |

The residual values, useful lives and method of depreciation are reviewed at the end of each financial year.

De-recognition of Investment properties

Investment properties are de-recognized either when they have been disposed off or when they are permanently withdrawn from use and no future economic benefit is expected from their disposal. The difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss in the period of derecognition.

h. Leases

The Company as a lessee

The Company's lease asset classes primarily consist of leases for buildings (commercial property). The Company assesses whether a contract contains a lease, at inception of a contract. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for

Summary of material accounting policies and other explanatory information for the year ended 31 March 2025

consideration. To assess whether a contract conveys the right to control the use of an identified asset, the Company assesses whether: (i) the contract involves the use of an identified asset (ii) the Company has substantially all of the economic benefits from use of the asset through the period of the lease and (iii) the Company has the right to direct the use of the asset. At the date of commencement of the lease, the Company recognizes a right-of-use (ROU) asset and a corresponding lease liability for all lease arrangements in which it is a lessee, except for leases with a term of 12 months or less (short-term leases) and low value leases. For these short-term and low-value leases, the Company recognizes the lease payments as an operating expense on a straight-line basis over the term of the lease.

Certain lease arrangements include the options to extend or terminate the lease before the end of the lease term. ROU assets and lease liabilities includes these options when it is reasonably certain that they will be exercised. The ROU assets are initially recognized at cost, which comprises the initial amount of the lease liability adjusted for any lease payments made at or prior to the commencement date of the lease plus any initial direct costs less any lease incentives. They are subsequently measured at cost less accumulated depreciation and impairment losses.

ROU assets are depreciated from the commencement date on a straight-line basis over the shorter of the lease term and useful life of the underlying asset. ROU assets are evaluated for recoverability whenever events or changes in circumstances indicate that their carrying amounts may not be recoverable. For the purpose of impairment testing, the recoverable amount (i.e. the higher of the fair value less cost to sell and the value-in-use) is determined on an individual asset basis unless the asset does not generate cash flows that are largely independent of those from other assets. In such cases, the recoverable amount is determined for the Cash Generating Unit (CGU) to which the asset belongs.

The lease liability is initially measured at amortized cost at the present value of the future lease payments. The lease payments are discounted using the interest rate implicit in the lease or, if not readily determinable, using the incremental borrowing rates in the country of domicile of these leases. Lease liabilities are remeasured with a corresponding adjustment to the related ROU asset if the Company changes its assessment of whether it will exercise an extension or a termination option.

Lease liability and ROU assets have been separately presented in the Balance Sheet and lease payments have been classified as financing cash flows.

The Company as a lessor

Leases for which the Company is a lessor is classified as a finance or operating lease. Whenever the terms of the lease transfer substantially all the risks and rewards of ownership to the lessee, the contract is classified as a finance lease. All other leases are classified as operating leases. When the Company is an intermediate lessor, it accounts for its interests in the head lease and the sublease separately. The sublease is classified as a finance or operating lease by reference to the ROU asset arising from the head lease. For operating leases, rental income is recognized on a straight-line basis over the term of the relevant lease.

i. Impairment of non-financial assets

At each reporting date, the Company assesses whether there is any indication based on internal/external factors, that an asset may be impaired. If any such indication exists, the Company estimates the recoverable amount of the asset. The recoverable amount is higher of an asset's fair value less costs of disposal and value in use. For this purpose, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash generating units). If such recoverable amount of the asset or the recoverable amount of the cash generating unit to which the asset belongs is less than its carrying amount, the carrying amount is reduced to its recoverable amount and the reduction is treated as an impairment loss and is recognised in the statement of profit and loss. If at the balance sheet date, there is an indication that a previously assessed impairment loss no longer exists, the recoverable amount is

Summary of material accounting policies and other explanatory information for the year ended 31 March 2025

reassessed and the asset is reflected at the recoverable amount subject to a maximum of depreciated historical cost and the same is accordingly reversed in the statement of profit and loss.

Provisions, contingent liabilities and contingent assets

Provisions are recognised when present obligations as a result of a past event will probably lead to an outflow of economic resources and amounts can be estimated reliably. Timing or amount of the outflow may still be uncertain. A present obligation arises when there is a presence of a legal or constructive commitment that has resulted from past events, for example, legal disputes or onerous contracts. Provisions are not recognised for future operating losses.

Provisions are measured at the estimated expenditure required to settle the present obligation, based on the most reliable evidence available at the reporting date, including the risks and uncertainties associated with the present obligation. Provisions are discounted to their present values, where the time value of money is material.

Any reimbursement that the Company can be virtually certain to collect from a third party with respect to the obligation is recognised as a separate asset. However, this asset may not exceed the amount of the related provision.

All provisions are reviewed at each reporting date and adjusted to reflect the current best estimate.

In those cases where the outflow of economic resources as a result of present obligations is considered improbable or remote, no liability is recognised.

Contingent liability is disclosed for:

Possible obligations which will be confirmed only by future events not wholly within the control of the Company or

Present obligations arising from past events where it is not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount of the obligation cannot be made.

Contingent assets are not recognised. However, when inflow of economic benefits is probable, related asset is disclosed.

k. Employee benefits

Expenses and liabilities in respect of employee benefits are recorded in accordance with Indian Accounting Standard 19- Employee Benefits.

Defined benefit plans

Gratuity

The Company operates one defined benefit plan for its employees, viz. gratuity. The cost of providing benefits under this plan is determined on the basis of actuarial valuation at each year-end using the projected unit credit method. Actuarial gain and loss for the defined benefit plan is recognized in full in the period in which they occur in other comprehensive income.

Other long-term benefits

Accumulated leave expected to be carried forward beyond twelve months, is treated as long term employee benefit. Such long-term compensated absences are provided for based on the actuarial valuation using the projected unit credit method at the year end. Accumulated leave, which is expected to be utilised within the next 12 months, is treated as short term employee benefit.

Summary of material accounting policies and other explanatory information for the year ended 31 March 2025

Liability under continuity linked key resource and deferred salary schemes is provided for on actuarial valuation basis, which is done as per the projected unit credit method at the end of each financial period.

Defined contribution plans

Short-term employee benefits

Expense in respect of other short-term benefits is recognized on the basis of the amount paid or payable for the period during which services are rendered by the employee.

1. Earnings per share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders (after deducting attributable taxes) by the weighted average number of equity shares outstanding during the period. The weighted average number of equity shares outstanding during the period is adjusted for events including a bonus issue.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and the weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

m. Segment reporting

Operating segments are reported in a manner consistent with the internal reporting done to the chief operating decision maker. The Company operates in a single operating segment and geographical segment

4. Material accounting judgements, estimates and assumptions

When preparing the financial statements management undertakes a number of judgments, estimates and assumptions about recognition and measurement of assets, liabilities, income and expenses.

The actual results are likely to differ from the judgments, estimates and assumptions made by management, and will seldom equal the estimated results.

Information about significant judgments, estimates and assumptions that have the most significant effect on recognition and measurement of assets, liabilities, income and expenses are discussed below:

Significant judgements:

(i) Evaluation of indicators for impairment of non-financial assets

The evaluation of applicability of indicators of impairment of non-financial assets requires assessment of several external and internal factors, which could result in deterioration of recoverable amount of the assets.

(ii) Recognition of deferred tax assets

The extent to which deferred tax assets can be recognised is based on an assessment of the probability of the future taxable income against which the deferred tax assets can be utilized. The recognition of deferred tax assets and reversal thereof is also dependent upon management decision relating to timing of Availment of tax holiday benefits available under the Income Tax Act, 1961 which in turn is based on estimates of future taxable profits.

Summary of material accounting policies and other explanatory information for the year ended 31 March 2025

Sources of estimation uncertainty:

(i) Provisions

At each balance sheet date, basis the management judgment, changes in facts and legal aspects, the Company assesses the requirement of provisions against the outstanding warranties and guarantees. However, the actual future outcome may be different from management's estimates.

(ii) Fair valuation of financial instruments

Management applies valuation techniques to determine the fair value of financial instruments (where active market quotes are not available). This involves developing estimates and assumptions consistent with how market participants would price the instrument.

Fair value hierarchy and valuation technique

The fair value of investment property has been determined by external, independent property valuers, having appropriate recognised professional qualification and recent experience in the location and category of the property being valued. The Company obtains independent valuations for its investment properties and fair value measurement has been categorized as Level 3. Fair values of the properties are arrived using average of fair values calculated basis market rate approach to arrive at fair value.

Notes to the financial statements as at 31 March 2025 (All amounts in rupees lakhs unless otherwise stated)

45 Employee benefits:

(a) Gratuity

The Company provides for gratuity for employees in India as per the Payment of Gratuity Act, 1972. The Company has a defined benefit gratuity plan, every employee who has completed five years or more of service gets a gratuity on departure at 15 days salary (last drawn salary) for each completed year of service.

The following tables summarize the components of the net benefit expense recognized in the financials and amount recognized in the balance sheet for gratuity plan.

(i) Details of provision for gratuity:

| Description | As at 31 March 2025 | As at 31 March 2024 |
|--------------------------------|------------------------|------------------------|
| Defined benefit obligation | 38.59 | 34.57 |
| Net defined benefit obligation | 38.59 | 34.57 |

(ii) Amount recognized in the statement of profit and loss is as under:

| Description | For the year ended 31 March 2025 | For the year ended 31 March 2024 |
|---|-------------------------------------|-------------------------------------|
| Service cost | 1.89 | 1.39 |
| Interest cost | 2.50 | 2.55 |
| Amount recognized in the statement of profit and loss | 4.39 | 3.94 |

(iii) Amount recognized in the Other comprehensive (income)/loss:

| Description | For the year ended 31 March 2025 | For the year ended 31 March 2024 |
|---|-------------------------------------|-------------------------------------|
| Amount recognized in Other comprehensive (income)/ Loss, beginning of year Actuarial loss/(gain) on re-measurement of obligation:- a) Actuarial loss/ (gain) arising from changes in financial assumption | (0.36) | (2.27) |
| Amount recognized in Other comprehensive (income)/ Loss, end of year | (0.36) | (2.27) |

(iv) Change in present value of the defined benefit obligation is as follows:

| Description | For the year ended 31 March 2025 | For the year ended 31 March 2024 |
|--|-------------------------------------|-------------------------------------|
| Present value of obligation at start of the year | 34.57 | 34.85 |
| Current service cost | 1.89 | 1.39 |
| Past service cost | - | - |
| Interest cost | 2.50 | 2.55 |
| Net actuarial (Gain)/Loss recognized in other comprehensive income | (0.36) | (2.27) |
| Acquisition adjustment - with related party | | - |
| Benefits paid | - - | (1.95) |
| Present value of obligation at the year end | 38.59 | 34.57 |

(v) For determination of gratuity liability of the Company, following actuarial assumptions were used:

| Description | As at 31 March 2025 | As at 31 March 2024 | |
|---|------------------------------------|------------------------------------|--|
| Discount rate | 6.79% | 7.23% | |
| Rate of increase in compensation levels | 6.00% | 6.00% | |
| Mortality table | 100% of IALM (2012-14) Ultimate | 100% of IALM (2012-14) Ultimate | |
| | Withdraw | val Rate (%) | |
| Attention at Ages | | | |
| Up to 30 Years | 3.00 | 3.00 | |
| From 31 to 44 Years | 2.00 | 2.00 | |
| Above 44 Years | 1.00 | 1.00 | |

These assumptions were developed by management with the assistance of independent actuarial appraisers. Discount factors are determined based on Government bonds having similar term to duration of liabilities. Government bond yields are used to arrive at the discount rate. Other assumptions are based on management's historical experience.

The estimates of future salary increases, considered in actuarial valuation, take account of inflation, seniority, promotion and other relevant factors, such as supply and demand in the employment market.

(vi) Sensitivity analysis of the defined benefit obligation

| Impact of change in | For the year ended 31 March 2025 | For the year ended 31 March 2024 |
|---------------------------------|-------------------------------------|-------------------------------------|
| Discount rate | | |
| Impact due to increase of 0.50% | (1.02) | (0.86) |
| Impact due to decrease of 0.50% | 1.10 | 0.93 |
| Salary increase | | |
| Impact due to increase of 0.50% | 0.17 | 0.08 |
| Impact due to decrease of 0.50% | (0.17) | (0.09) |

(vii) Other information:

Maturity analysis of undiscounted defined benefit obligation is as follows:

| Year | As at | As at |
|----------------|---------------|---------------|
| | 31 March 2025 | 31 March 2024 |
| 0 to 1 Year | 20.42 | 20.39 |
| 1 to 2 Year | 0.30 | 0.24 |
| 2 to 3 Year | 0.78 | 0.24 |
| 3 to 4 Year | 0.30 | 0.60 |
| 4 to 5 Year | 0.28 | 0.23 |
| 5 to 6 Year | 0.24 | 0.18 |
| 6 Year onwards | 16.27 | 12.69 |

(b) Compensated absences

For determination of the compensated absences liability of the Company, the following actuarial assumptions were used:

(i) Details of provision for compensated absences:

| zotatio di provincia i di companicatea azceriocci | | |
|---|---------------|---------------|
| Description | As at | As at |
| Description | 31 March 2025 | 31 March 2024 |
| Compensated absence | 29.03 | 23.03 |

(ii) Amount recognized in the statement of profit and loss is as under:

| Description | For the year ended | For the year ended |
|---|--------------------|--------------------|

46 Fair value disclosures

i) Fair values hierarchy
Financial assets and financial liabilities measured at fair value in the statement of financial position are classified into three Levels of a fair value hierarchy. The three levels are defined based on the observability of significant inputs to the measurement, as follows:

Level 1: Quoted prices (unadjusted) in active markets for financial instruments.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximise the use of observable market data rely as little as possible on entity specific

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3.

| Financial assets and liabilities measured at fair value - recurring fair value me Financial assets: | As at 31 March 2025 | As at 31 March 2024 | Level | Valuation techniques and key inputs |
|--|------------------------|------------------------|---------|--|
| Investments in Equity Instrument (Quoted) (measured at FVTOCI) | 20,962.18 | 18,191.23 | Level 1 | Fair value of equity instruments have been determined using the quoted market price and Net Assets Value (NAV). |
| Investments in Mutual fund (measured at FVTPL) | 32,426.66 | 25,217.04 | Level 1 | Fair value of mutual funds have been determined using the quoted market price and Net asset value (NAV) obtained from an active market. |
| Investments in Trust Securities (Quoted) (measured at FVTPL) | 7,467.25 | 7,484.87 | Level 1 | Fair value of trust securities/ Invit have been determined using the quoted market price. |
| Investments in Governments Securities/ Debentures/ Bonds (Quoted) (measured at amortised cost) | 3,664.28 | 5,312.29 | Level 1 | Fair value of quoted governments securities, debentures and bonds have been determined by using market observable input such as using the implicit interest on respected securities. |
| Investments in Governments Securities/ Debentures/ Bonds (Unuoled) (measured at amortised cost) | 10,715.02 | 10,712.93 | Level 2 | Fair value of unquoted governments securities have been determined by using market observable input such as using the implicit interest on respected securities. |
| Investments in Equity Instrument (Unquoted) (measured at FVTOCI) | 9,130.39 | 6,904.54 | Level 2 | Fair value of unquoted equity instruments have been determined using market observable inputs . |
| Total | 84,365.78 | 73,822.90 | | |

iii) The following table presents the changes in level 3 items for the year ended 31 March 2025 and 31 March 2024:

| Particulars | Preference shares |
|--|-------------------|
| | 50.70 |
| As at 1 April 2023 | (50.70) |
| Less; deletion during the year | |
| Gain/(Loss) recognised in statement of profit and loss | |
| As at 31 March 2024 | |
| Less: deletion during the year | |
| Gain/(Loss) recognised in statement of profit and loss | |
| As at 31 March 2025 | |

iv) Fair value of instruments measured at amortised cost

The management assessed that cash and cash equivalents, trade receivables, other receivables, trade payables and other current financial liabilities approximate their carrying amounts largely due to the short-term maturities of these instruments. The fair value of the financial assets and liabilities is included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced maturities of these instruments. The fair value of the instrument and the fair values: or liquidation sale. The following methods and assumptions were used to estimate the fair values:

The fair values of loans, security deposits and other financial assets and liabilities are considered to be the same as their fair values, as there is an immaterial change in the lending rates.

ii) Risk Management

The Company's activities expose it to market risk, liquidity risk and credit risk. The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. This note explains the sources of risk which the entity is exposed to and how the entity manages the risk and the related impact in the financial statements.

A) Credit risk

Credit risk is the risk that a counterparty fails to discharge an obligation to the company. The Company is exposed to this risk for various financial instruments, for example by granting loans and receivables to customers, placing deposits, etc. The Company's maximum exposure to credit risk is limited to the carrying amount of following types of financial assets.

cash and cash equivalents, - trade receivables.

loans & receivables carried at amortised cost, and deposits with banks and financial institutions.

a) Credit risk management

The Company assesses and manages credit risk based on internal credit rating system, continuously monitoring defaults of customers and other counterparties, identified either individually or by the company, and incorporates this information into its credit risk controls. Internal credit rating is performed for each class of financial instruments with different characteristics. The Company assigns the following credit ratings to each class of ancial assets based on the assumptions, inputs and factors specific to the class of financial assets.

B: Medium

C: High

| Assets | under | credit | risk - | |
|--------|-------|--------|--------|--|
|--------|-------|--------|--------|--|

| Credit rating | Particulars | 31 March 2025 | 31 March 2024 |
|---------------|---------------------------|---------------|---------------|
| • | Loans | 7,304.62 | 7,250.66 |
| 1 | Investments | 90,806.46 | 79,585.61 |
| A: Low | Cash and cash equivalents | 606.32 | 579.15 |
| | Other financial assets | 27.28 | 132.38 |
| 1 | Trade receivables | 1,467.14 | 1,568.66 |

Cash and cash equivalents and bank deposits

Credit risk related to cash and cash equivalents and bank deposits is managed by only accepting highly rated banks and diversifying bank deposits and accounts in different banks across the country.

The Company closely monitors the credit-worthiness of the debtors through internal systems that are configured to define credit limits of customers, thereby, limiting the credit risk to pre-calculated amounts. The Company assesses increase in credit risk on an ongoing basis for amounts receivable that become past due and default is considered to have occurred when amounts receivable become past due

and exposure to credit risk for trade receivable based on geography is as follows-

| The Company's experience of th | 31 March 2025 | 31 March 2024 |
|--|---------------|---------------|
| India | 1,467.14 | 1,568.66 |
| Overseas | (4) | • |

Other financial assets measured at amortised cost

Other financial assets measured at amortized cost includes loans given, security deposits and others. Credit risk related to these other financial assets is managed by monitoring the recoverability of such amounts continuously, while at the same time internal control system in place ensure the amounts are within defined limits.

Reconciliation of loss allowance provision -Loans and Advances

| | 200.00 | 363.98 | 200.00 |
| Loss allowance on March 31, 2025 | | | |

B) Liquidity risk

Prudent liquidity risk management implies maintaining sufficient cash and marketable securities and the availability of funding through an adequate amount of committed credit facilities to meet obligations when due. Due to the nature of the business, the Company maintains flexibility in funding by maintaining availability under committed facilities.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. The Company takes into account the liquidity of the market in which the entity operates. In addition, the Company's liquidity management policy involves projecting cash flows and considering the level of liquid assets necessary to meet these, monitoring balance sheet liquidity ratios against internal and extended to the company takes and the company takes in the company tak external regulatory requirements and maintaining debt financing plans.
